LIU Primary Casualty: Tailored Coverage For Your

Your Risks are Difficult. Placing Them Shouldn't Be.

LIU Primary Casualty considers risks that others may turn away. Our difference is our underwriters, who have:

- The **experience** to write risks that other underwriters would decline;
- The **seniority** and **authority** to make **quick decisions**;
- **Specialized knowledge** of a wide range of industries; and
- The flexibility to **manuscript coverage** to create the risk transfer solutions that best support your clients' needs.

Our underwriters have other distinct advantages, including the support of:

- **LIU loss control engineers** who go “on site,” identify potential exposures and recommend ways to control those risks. They, too, bring years of experience in a wide range of industries;
- **LIU claims professionals** who work aggressively to protect your clients' interests. They have ready access to outside resources – lawyers, independent adjusters and other experts – who can vigorously defend a company's reputation and resources; and
- **Offices** throughout the U.S.:
 - Atlanta
 - Boston
 - Chicago
 - Dallas
 - Los Angeles
 - New York
 - San Francisco
 - San Juan, P.R.

Liberty International Underwriters is the marketing name for the broker-distributed specialty lines business operations of Liberty Mutual Group. Certain coverage may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds. This literature is a summary only and does not include all terms, conditions, or exclusions of the coverage described.
